The Office of the Mayor, Department of Social Services, Police Department and the Secaucus Public Schools, in partnership with The Traumatic Loss Coalitions for Youth Program (TLC), are co-sponsoring this important forum for parents and other adult community members. Following the presentation by members of the TLC, there will be an opportunity for questions and discussion.

The Traumatic Loss Coalitions for Youth Program is based at the University of Medicine and Dentistry of New Jersey and is funded by a grant through the New Jersey Department of Children and Families. The TLC has a dual mission: suicide prevention and trauma response assistance to schools and communities following unfortunate losses due to suicide, homicide, accident and illness. Since its inception in 2000, the TLC has trained thousands of individuals throughout the state and has provided thousands of hours of trauma response. All with the purpose of saving lives, promoting mental health, and providing post trauma healing and resiliency for the youth in New Jersey.
